FY 2010 Summary: The WFPA will report a small profit for the year, impacted by 12\% $(\$ 9,500)$, decline in dues collections (third year decline of 12\%-15\%) and overall 39\% decline in total income (\$57,600 lower which included \$40,280 in non-recurring income not anticipated in the current year budget). The fiscal challenge for FY2011 will be to increase/expand the WFPA revenue base as expenses were managed well with little opportunity for further reduction. Cash levels remained almost unchanged from the beginning of the year and represents over 1.8 times YTD expenses, a very healthy measure for a non-profit.

Notes:

1. CASH-The WFPA will close fiscal year 2010 at a near cash breakeven level with the prior year with just over $\$ 151,500$ in cash balances. Cash collected during the year fully covered operations plus a $\$ 8,000$ capital expenditure for a compressed air foam system (CAFS unit), addition to one of the trucks.
2. Balance Sheet-Net income has increased the total equity of the department by $\$ 5,664$ to $\$ 335,393$. The WFPA continues to carry no debt. The only material liability is a $\$ 2,458$ account payable for insurance due in June.
3. Income Statement-Net income of $\$ 5,663$ overcame the noted income declines through stringent expense management but did fall short of budget by $\$ 5,200$ due to revenue declines. Total expenses of $\$ 82,584$ absorbed an unbudgeted $\$ 5,000$ expense paid to the Mayer Fire Department for consulting services, $\$ 10,300$ in new firefighting equipment, $\$ 14,000$ in vehicle service/betterments and $\$ 14,700$ in insurance expenses (see reverse for additional detail).
4. Budget-FY 2010 was constructed with a $15 \%$ anticipated decline in dues collections and adjusted for non recurring events from the prior year ( $\$ 40,300 \pm$ ). Overall, financial management was tight and within $\$ 5,200$ of the budget recommeded by the Budget Committee and approved by the Board.
