

# Water Use Agreement

In the event of an emergency, in the sole determination of the Walker Fire Protection Association ("Walker Fire"), its designee or through a succession of authority to another Incident Commander via the protocol of the Incident Command System, I hereby grant permission to enter my property for access to and for the taking of stored water on the below described property. To gain access to extract water, this authorization also permits Walker Fire to cut the access lock or chain if necessary for entry. I understand that this authorization will remain in force until revoked by me, which revocation will be evidenced in writing and acknowledged by Walker Fire.
